CABINETRY APPLIANCES COUNTERTOPS FLOORING TILE

THE PREMIER DELMARVA HOME INTERIOR DESIGN CENTER

PLAIN & FANCY CABINETRY

Creating fine custom cabinetry for over fifty years, Plain & Fancy is a family-owned company.

From contemporary to traditional, we have a door to fit your style. Start to finish, every cabinet and door is custom-built by our skilled craftsmen. We offer an incredible variety of wood species, and paints, including custom paint colors, along with finishing techniques.

Plain & Fancy cabinetry is hand finished, beginning with your vision to create an environment that you and your family can enjoy. We take pride in bringing your dreams to life. Plain and Fancy works with your designer to ensure all the pieces fit, leaving you worry free.

FIELDSTONE CABINETRY

Fieldstone Cabinetry in Sioux Falls, South Dakota, has been building quality cabinetry since 1978. Each cabinet is made by hand, to your specifications.

Fieldstone Cabinetry uses only quality hardwoods to build doors, cabinet boxes, drawers, and roll trays. With over 900,000 combinations of colors, wood species, and door styles, Fieldstone Cabinetry provides the choices you need to express your style.

We can pair beautiful door and finish combinations with your customized selections to create the function and beauty of cabinetry for your entire house. Inset cabinetry is also a timeless option, built with quality Fieldstone Cabinetry construction.

DECORA CABINETRY

Decora cabinetry is an industry-leading cabinet manufacturer that comprises a broad line-up of quality cabinet choices.

Their collection of cabinet styles ranges from contemporary to traditional. Exquisite detail and a passion for excellence are the distinguishing qualities of Decora cabinets.

SHOWPLACE CABINETRY

We craft cabinetry to fit your design tastes and budget. The result is a reliable, quality product you can enjoy for years to come. Showplace offers traditional, framed, or American cabinetry, and the EVO frameless cabinetry featuring the latest European-style contemporary designs.

American-made and 100% employee-owned, Showplace Cabinetry is a line of home cabinetry that makes sense. Showplace Cabinetry offers creative flexibility and lasting quality.

KOCH CABINETS

At Koch, our wide selection of styles can transport you from Country to Traditional, Rustic to Contemporary, Transitional to Craftsman. We have a style that will perfectly match your personality or complement any decorating style, while adding value to your home.

Add extra charm and detail by accessorizing your doors with our seven available finishing techniques.

To highlight the rich grains and characteristics of each species, we use the finest solid wood and wood veneers for the construction of our doors.

ARISTOKRAFT CABINETS *Aristokraft* CABINETRY

Aristokraft knows you need a functional room, but you want it to be a beautiful expression of your style. We provide a wide range of cabinetry designed to meet your needs. It is important to create a space that reflects your style and vision of home and comfort.

Our time-tested door styles and finishes have helped create the backdrop of life's memories for over 65 years.

Sustainability

Bertch Cabinet, LLC has been reviving the cherished art of traditional cabinetmaking for over 40 years. All products reflect a commitment to reforestation, recycling, and a general respect for the environment. We use only the finest wood, furniture joints, and exceptional finishes to create distinct bathroom cabinetry for the home.

As a fully integrated U.S. manufacturer, we produce our own components. Limited outsourcing combined with back-hauling our own materials greatly reduces sulfur oxide emissions.

Interlude Driftwood Oak

Pictured above, the Interlude features a relaxed design, just the thing for a spa day at home.

Acadia

Bertch's Arcadia style vanity, pictured on the right, is wall-mounted with a white ash 3D laminate finish, and a sleek faux granite countertop evokes the European styling of a modern design.

Green and Environmental Initiatives

Eco-friendly finishing technology minimizes emissions. Formaldehyde-free adhesives and optimizer technology are elements of our environmental program.

ACCESSORY OPTIONS

Base Mixer Shelf

Fits KitchenAid Professional Series mixers. Some mixers can be attached to the shelf.

Base Pantry with Chrome & Wood Basket Shelves

Shelves adjust up and down to suit your contents, and non-skid shelf surfaces keep contents upright. Two basket shelves included. Order additional basket shelves separately.

Base Pantry with Mini Pantry & Spice Rack

In a space as small as 9" wide, you can add 2.44 square feet of storage. And all of it comes rolling out to you.

Drawer Organizer

Infinite arrangements! Quickly and easily move the pegs to fit your dishes. Here we show two possibilities.

HARDWARE OPTIONS

MONOGRAM

Professional Kitchen Appliances

Performance

Monogram sources the highest quality materials. This ensures that the design is one of high performance and that the ownership will be a satisfying and valuable experience.

Materials

Monogram uses commercial-grade stainless steel on refrigerators, un-scratchable sapphire glass on cooktop and range knobs, and durable marine-grade bearings in their dishwasher racks.

Ownership

Monogram's high-performance appliances are designed by professional chefs and interior designers.

Every GE Monogram appliance provides the same experience in your kitchen as it does with the Monogram chefs. Through rigorous testing, Monogram appliances are designed to last.

CAFE
CAFÉ

Customizable Kitchen Appliances

The Café appliance series marries luxury with affordability.

Enjoy culinary-inspired features directly from professional kitchens with an authentic look.

Today, many families want the power to transform their home interior to match their unique personality and sense of style.

Set the canvas with fingerprint-resistant Matte Black, Matte White, or Stainless finishes, and customize the hardware as a finishing touch. Or revel in modern style with the reflective appearance of Modern Glass.

GE Café enables kitchen designers and homeowners to personalize their kitchens with the style-driven options offered by the GE Café Series Appliances.

Café lets style-conscious consumers choose from two bold collections of kitchen appliances. The Customizable Professional Collection boasts a distinct line of hardware options, and the Modern Glass Collection features a seamless, contemporary design.

GE PROFILE APPLIANCES

Profile

GE Profile products are designed to make life simpler for people who:

- *Crave smart home technology and cutting-edge features in every appliance.
- *Are passionate about finding ways to do things better or make life easier.
- *Expect technology to help them achieve more every day and are never satisfied with the status quo.

GE APPLIANCES

Attractive. Stylish. Quality. Appliances

GE appliances are attractively styled and easy to coordinate, with a modern twist on traditional appliances, and time-tested features that get the job done.

Designed, built, and tested for real life, which makes our products perfect for owners who want a durable kitchen that stands up to years of use.

SUB-ZERO APPLIANCES

Sub-Zero Refrigeration

The Sub-Zero food preservation system is more than a refrigerator. It is a monument to fresh, delicious food.

With a vast selection of customizable full-size designs, widths, and styles, Sub-Zero units are designed to serve the needs of any space and enhance any decor.

Wolf Ranges

Delight at precise control borne through decades of engineering prowess with Wolf ranges. Home chefs enjoy the power and finesse of professional kitchen appliances.

Wolf equips cooks with the confidence to craft the meals that create the most delicious memories.

Craftsmanship, Innovation, and Design, Wolf has it all.

DELMARVA DESIGN CENTER

SUB-ZERO WOLF COVE

Icons of design and paragons of performance, Sub-Zero, Wolf, and Cove are found in world's most luxurious homes.

We are dedicated to helping you create the functional, flexible, and beautiful kitchen of your dreams.

Built from heavy-duty stainless steel, our products are beautifully hand-finished with hemmed edges and welded seams.

COUNTERTOPS

QUARTZ

- Easy maintenance
- Durable
- Range of colors & designs

The strength of quartz is its durability and ease of maintenance.

It is an engineered stone composed of 93% quartz fused with resins, polymers, and pigments, which gives it flexibility in finishes ranging from the elegant to the industrial.

GRANITE

- Unique
- Affordable
- Anti-Bacterial

A unique natural stone, granite colors and patterns come from the minerals in it and movement of the earth. It is also affordable, and heat and stain resistant.

PORCELAIN

- Lightweight
- Indoor & outdoor use
- Strong solid surface

Porcelain can be used for countertops, accent walls, showers, and floors. Lightweight, it is almost 30% stronger than granite. Porcelain is non-porous, will not etch or discolor, and it can also be used outdoors.

COUNTERTOPS

MARBLE

- Classic
- Ageless
- Versatile

Spectacular Natural Stone

The subtle beauty of marble can add a timeless elegance to any space with an interior brilliance that is suited for smaller spaces, giving the room a larger and brighter appearance.

When you choose a marble countertop, your countertop will be as appealing in a century as it is today. Marble is timeless and luxurious.

QUARTZITE

- Natural crystallization
- Distinctive pattern
- Elegant

Not to be confused with quartz, which is an engineered stone, quartzite is a metamorphic rock composed of quartz that results from geological fireworks. Quartzite forms when a quartz-rich sandstone is altered by the heat, pressure, and the chemical activity of metamorphism.

Quartzite comprises an interlocking mosaic of stones, and it is a beautiful stone option with a distinctive and elegant look.

TILE

Functional. Beautiful. Expressive.

Tile comes in a variety of sizes from petite quarter-inch sized mosaic to a grand size large enough to cover a wall.

It also comes in a broad range of materials, including ceramic, porcelain, glass, cement, and natural stone.

Tile retains its value as a distinctive choice in flooring and bathrooms. It is durable, water resistant, and sturdy when used for high-traffic areas.

Consult with one of Delmarva Design Center's designers about these options that express your vision for your space.

GLASS

Glass tile offers a clean and minimalistic aesthetic to any project. The stain resistance of glass makes it an excellent alternative to natural stone. Glass tile can create a colorful and beautiful arrangement in your kitchen or bathroom, and can transform a wall into a piece of art.

NATURAL STONE TILE

Travertine, granite, marble, and other natural stone tile adds warmth and refinement to any room. To add beauty to your kitchen or bath, marble tile immediately enhances the space and is employed both in contemporary and traditional designs. Stone tiles create texture and depth. Natural stone can tell a story by creating unique patterns. Tell your story with tile.

SUBWAY TILE

Subway tile's straightforward style is defined by rectangular ceramic tiles, often in white or light colors, paired with light grout.

An understated color scheme is popular, but a wide variety of colors can suit your kitchen design, and the rectangular tile allows for many pattern choices, as well.

Stylish and classic, the subway tile backsplash trend is here to stay.

FLOORING TILE

Tile flooring affords durability and a unique way to add style with patterned layouts to your surroundings.

Porcelain floor tile is one of the toughest flooring options available. It is hard, dense, and water resistant. Porcelain is resistant to most heavy stresses.

Tile flooring affords durability and a unique way to add art through patterns to your surroundings.

FLOORING

Flooring for Every Space

Delmarva Design Center offers Luxury Vinyl Flooring (LVF), laminate, engineered wood, hardwood, and carpet.

HARDWOOD FLOORING

Beautiful performance hardwood floors are created with natural hardwood veneers to achieve a unique and premium floor finish.

ENGINEERED WOOD FLOORING

For an active family, engineered wood floors are equipped with built-in stain protection. An ultra-low gloss highlights the detail in the grain, and the texture and personality of the wood, as seen in the photo below.

LUXURY VINYL FLOORING

Vinyl flooring is beautiful, waterproof, and durable. A perfect solution for a busy kitchen.

DELMARVA DESIGN CENTER
CABINETS APPLIANCES COUNTERTOPS FLOORING TILE

FLOORING

LAMINATE FLOORING

The core of laminate flooring is made of wood by-products. It's then sealed with resin. The top layer is a transparent plastic layer that protects against wear and tear. This top layer is placed over the design layer with your color and pattern of choice.

CARPET

Carpet adds warmth, comfort, beauty, and style to any room. Today's carpet options are available in a wide range of colors, fibers, textures, and patterns, and many are stain and wear-resistant.
